

AI INTERNATIONAL COMPETITION IN ARTIFICIAL INTELLIGENCE

SECOND INFORMATION ANNOUNCEMENT

Igor Sikorsky Kyiv Polytechnic Institute invites you to participate in the International Student Research Competition in Artificial Intelligence!

This is a great opportunity for students to present their research, showcase their ideas and approaches in artificial intelligence, and gain valuable experience in an international academic competition.

The Competition brings together young researchers who explore AI technologies, demonstrate innovation and creativity, and develop new solutions to current challenges.

Bachelor's and Master's students are welcome to participate.

Have an interesting idea, research project, or scientific paper? This is your opportunity to present your work to the international AI research community!
